

Learn the Secrets of the Yogis and Sadhus on Spiritual Journeys and Seminars in India

23 April – 3 May 2012

A spiritual trip to India is not like any other journey. If you're interested in a spiritual journey that will give you a new perspective and change your world view - then this is a chance for you. This trip is more focused on "process work" - on the adventure of looking into ourselves and using the tools of the sacred and divine knowledge from the ancient palm leaf books.

During this tour we will travel as a group and visit some of the mightiest and most sacred sites in India and attend special power spots in South India - Shirdi, for example, the Mahasamadhi of Shirdi Sai Baba, Tirupati, Plus a very special nearly unknown and very exciting energy space – the Temple of Ramalinga Swami, who has taught and lived the secrets of transforming the body into the light body. Visiting this site may change all belief systems and transform every soul.

Starting point is Mumbai – the conclusion as well as the seminar is in Bangalore.

Planned route:

Mumbai - Here we meet for the first time as a group and visit some places according to the interest of the participants, as there are the Maha Laxmi Temple and many others.

Shirdi - Here is the Maha Samadhi of **Shirdi Baba**, one of the most powerful places in India and you can feel the special energy and Divine vibrations. You will experience this in our meditations in the Dwarkamai during the late evening hours.

Vallalar, Tamil Nadu

Here we visit the place where **Ramalinga Swami**, a high saint of the 19th Century lived. He reached the Light Samadhi, the ultimate goal of Yoga. His life, the mysterious, but documented transformation to the light-body and the teachings of the Holy Sage Vallalar serve as a target of the teachings of yoga and meditation.

We will meditate in this particular energy in order to achieve a higher state of consciousness. Also people who already started to meditate feel a very high vibration in this place. There we may have the opportunity to be admitted by Sadhus into the secrets of Siddha Herbs.

Tirumala / Tirupati

After meetings with all these holy men and women, we visit one of the most energetic places in India. Tirupati is a Hindu temple complex in southern India and home of **Sri Venkateshwara**, also called **Balaji**. It is the goal of millions of pilgrims and seekers of salvation, and one of the best known, most popular, richest, and certainly one of the most powerful temples in India.

Every Hindu knows the special place of power and its powerobject, the statue of Lord Venkateshwara, which was not created by man, but a result of a supernatural manifestation of God's way. There are many reports that this statue is very much alive. During the power-trip Bharati will tell some of these episodes.

Inbetween these different places we are free to visit many more temples and locations lying in our path. That means that we need to be open and flexible, to change a plan short-termed when the energy leads us and not insist in preconceived opinions.

Bangalore

Here our spiritual journey ends, an exciting seminar anticipating, where you can deepen the spiritual energies and knowledge that you got on the trip.

More details you will learn in the conference calls, which will take place in preparation for this tour group.
